One of the most important project tasks is to guarantee high visibility to EnEf progresses and results, by implementing a comprehensive plan for valorization, which includes dissemination through internet, publication, press, networking and public events.

The **Bulgarian Construction Chamber**, Bulgarian Partner, hosted the FIEC's Congress (the European Construction Industry Federation, www.fiec.eu) and presented the project to 40 Construction Federations and 120 contractors from the Sector. It was also an occasion to distributed EnEf brochure and the first project newsletter.

Direccion de Arquitectura – Hunta Extremadura, the Spanish Partner, gave visibility to EnEf project in a relevant event in Spain: FICON - Iberian Construction industry Saloon, held in Don Benito, Badajoz. (Extremadura) from 23 to 26 March 2011. A series of European projects regarding energy efficiency were presented, among which EnEf.

Moreover, the Regional Ministry for housing placed a big stand in the Saloon to show current projects regarding energy Efficiency and Renewable energies and ENEf was among them.

More than 150 people attended the event, while 350 people visited the stand of the Regional Ministry. Attendees were mostly entrepreneurs of the Construction industry, journalists, local and regional authorities, general public. Taking into account that the public was mainly composed by professionals of the building industry, they showed a high interest on ENEf.
